Following our retreat, we will enjoy our private transfer back to the city center where you can enjoy an open evening. Browse the shops of Plaka, dine at nearby restaurants, and enjoy some down time before our city tour on Day 3.

DAY 3. ATHENS FULL DAY SIGHTSEEING – PRIME DINING EXPERIENCE

09/5/26

Included breakfast at our hotel and open morning. Our premium Athens City Tour will begin at 11:00 a.m. We will be picked up by our private coach and will begin our tour with our licensed guide as we drive to see Constitution Square (Syntagma), the House of Parliament, and the Evzones (elite light infantry and mountain units of the Greek army) in their picturesque uniform guarding the Memorial to the Unknown Soldier. We will watch the changing of the guards at the Memorial and enjoy a picture moment as our licensed guide tutors us about the history of Greece and the monumental sights of Athens. We will then take a causal stroll through the National Gardens. Construction of the same began in 1839 and were attended to daily by Queen Amalia. Queen Amalia passionately attended the Gardens, and she was instrumental in directing the architectural formation of the land. After exiting the Gardens, we will view the Temple of Zeus which was completed by Roman Emperor Hadrian in 130 A.D. The temple was built in the Doric order and was one of the largest temples in the ancient world. Afterward we will visit Zapeio; the meeting hall for the first modern Olympic Games. We will learn about the history of the Olympic Games and visit the Panathinaic Stadium which hosted the first modern Olympic Games in 1896. The stadium was first built in 330 B.C. and then rebuilt by the Roman Emperor Hadrian in 144 A.D. The Panathinaic Stadium is one of the main historic attractions in Athens and is the last venue in Greece from where the Olympic flame handover ceremony to the host nation takes place. Stop to enjoy some cold refreshments and snacks after our walking tour and before we board our private coach bus to continue our tour of Athens. Our licensed guide will continue tutoring our group as we pass the Athenian Library, University and Academy. Enjoy learning about the history of this ancient city as we continue our afternoon with a guided tour of the Acropolis Museum. The Acropolis Museum of Athens houses the Karyatides and many of the original pieces from the Parthenon; one of the wonders of the ancient world. Our guided tour includes whisper electronics so you can catch every word from our experienced guide. Following our tour of the museum we will end our afternoon with a visit to the Acropolis of Athens. Situated on a rocky hill overlooking the city, the Acropolis is one of the most famous and iconic monuments of the ancient world. Standing in harmony within their natural settings you will see the Propylaea, the Temple of Athena Nike, the Erechtheion and finally, the Parthenon. Learn all about this wonder of the ancient world. You will also catch a birds-eye view of the Herodion

Theatre, the Theatre of Dionysus, and Areopagus Hill where St. Paul delivered his sermon to the Athenians. Following our tour, we will enjoy some free time as we walk through Plaka back to our hotel. Feel free to stop for an ice cream, coffee or snack. Later that evening we will meet in the lobby of our hotel for our private transportation to enjoy an included dinner at one of Athens' finest restaurants situated at the foothills of the Acropolis; Dionysos Zonars. Our included dinner will be an upscale dining experience at a jewel sitting among historic monuments. Enjoy this fine dining experience which includes an open beverage package including premium Greek wines, beers, soft drinks, bottled water, coffee and tea.

DAY 4. ATHENS – CORINTH CANAL – MYCENAE – EPIDAUROS

9/6/26

Included breakfast at our hotel before checking out for our 2-night land tour of Argolis via the national coastal highway. Argolis is one of the regional units of modern Greece and is situated on the Peloponnese peninsula. We will be joined by our personal historian and licensed guide who will tutor us along the way. We will make a short stop at the Corinth Canal. The Canal connects the Gulf of Corinth with the Saronic Gulf of the Aegean Sea. The man-made canal is 4 miles long and 70 feet wide at its base. We will then continue our land tour and pass the ancient city of Corinth en route to the prehistoric city of Mycenae. St. Paul lived in Corinth for 18 months during the first century A.D. Learn about St. Paul's travels through the Greek mainland and his letters to the Corinthians. We will visit and tour ancient Mycenae; the home of King Agamemnon. Agamemnon led a Greek expedition against Troy following the abduction of his brother Menelaus' wife; Helen. The ensuing war lasted 10 years and ended when the Greeks left a large wooden horse outside the gates of Troy. When the Trojans brought the horse inside the gates of Troy, the Greeks emerged from the horse and opened the gates of Troy for their hidden brothers to enter the city and sack the Trojans. Mycenae was the capital of the Mycenaean civilization which dominated the eastern Mediterranean from 1500 BC – 1200 BC. The Myceneans were the first Bronze Age society to emerge on the European mainland. We will visit the archaeological site of this important prehistoric civilization and see the Lions Gate and the Tomb of Atreus (Agamemnon's father). Following our site visit, we will proceed to Epidaurus and visit the ancient theater with our guide. The ancient theater was built in the 4th century BC and is admired for its natural acoustics. It is the best preserved theater of the ancient world and was excavated in 1881. Beginning in 1938, the theater began hosting ancient dramas and continues to be used to this day. We will then depart and continue to Nafplio for our two night stay at the Epoch House situated adjacent to the main town square. Enjoy an open night.

DAY 5. NAFPLIO -GREEK COOKING CLASS

9/7/26

Included breakfast at our hotel and a relaxing morning before our afternoon stroll through the old

town en route to our cooking class. Nafplio is a charming destination that combines history, culture and stunning scenery. It served as the first capital of the Hellenic Republic of Greece when it declared its independence from the Ottoman Empire in 1821. Take in the sights including the crest of Palamidi, a 216 meter high hill with a fortress built by the Venetians during their second occupation of the area (1686-1715). In 1715 it was captured by the Turks and remained under their control until 1822, when it was captured by the Greeks. The bastions of the fortress were renamed after Greek saints. One of the bastions, "Miltiades," was used as the prison cell of Theodoros Kolokotronis, a Greek general and the preeminent leader of the Greek War of Independence. Our adventurous travelers may elect to ascend the 1000 steps to the top of the fortress in the early morning. Later in the day we will walk beneath the fortress and visit the town square where we will see the statue of Kolokotronis. We will also pass the first assembly hall; Vouleftikon. The Vouleftikon was the first Hellenic Parliament and served as the political and military center of the revolutionary territory from 1824 until the capital was moved to Athens in 1826. During our walk through town, we will also pass the church of St. Spyridon where Greece's first Head of State, Ioannis Kapodistrias, was assassinated in 1831. After learning more about the history of Nafplio, we will walk to our private tasteful experience with our chef and host who will lead a master class in Greek cooking. We will engage in a hands on cooking class where we will prepare a traditional meal. We will enjoy our prepared meal with an included wine pairing of both white and red wines from the local region. The ripe fruits of this region create lasting tannins which show similarities to the Napa Cabernet. Following our cooking class, we will enjoy a short walk back into the old town where guests can enjoy more free time in the charming town of Nafplio.

The second part of our Santorini land tour then takes us to Santorini's central point and the main town of Fira. We will have free time to walk along the caldera and take in the spectacular landscape created by the monumental volcanic eruption of 1600 BC. The eruption was one of the largest volcanic events in human history. The land collapsed into a circular seawater filled caldera. The island chain remaining following the eruption now features inhabited Santorini (known as Thera), inhabited Thirasia, and uninhabited Nea Kameni, Palaia Kameni and Aspronisi.
